To Whom it may concern

Dear sir/ madam

Rangmanch NZ Inc. has been doing great work for Indian Theatre in Auckland. They are a group of theatre enthusiasts who all provide Voluntary service and they also work for Charity.

We have always supported them morally and will continue to do so.

It has been a pleasant experience to be associated with them in any form and exchange cultural concepts and share experiences of theatre and other performing arts. We are really keen to take our association forward in the coming days and collaborate as and when possible for the cause of Theatre.
