To Whom it may concern

Rangmanch NZ Inc. is an Indian ethnic theatre group working for the cause of Indian Theatre since 2008.

It has been our great pleasure to be associated them as a community organisation and support them when and where possible in all their projects.

Other than supporting them morally for all their productions – we also do support them with resources (specialist artistes/ technicians , props, set building material salvaged from our own earlier productions/ workshops etc. which may of use to them) wherever required and possible for us or often loan them our special tools like Digital Video Projector , CD player etc. for their rehearsals / shows, all off-course without any cost.

In our opinion Rangmanch NZ inc. a very dedicated Theatre group doing commendable work for Indian Ethnic Theatre in Auckland viz. New Zealand.

Tahnks & Best Regards.,

Atrayee
