Whomever it may concern

Dear Sir/ Madam

We are happy to endorse that Rangmanch NZ Inc. is an Indian ethnic theatre group working for the cause of Indian Theatre since 2008. They are voluntary charitable Organisation. In the past Rangmanch NZ Inc has helped us in raising funds for our St. John Ambulance project and it was a great effort by entire Rangmanch Team.

It has been our great pleasure to be associated them as a community organisation and supporting them when and where possible in all their projects.

Other than supporting them morally for all their productions – have been their media partners for all their productions. It is simply a fantastic thing to have such a committed theatre group in Auckland who work for the Charity as well and are doing that on a voluntary basis

They deserve Kudos for their dedicated and truly commendable work for Indian Ethnic Theatre in Auckland viz. New Zealand.

Regards.
