"Dear sir/ madam

We are cultural group engaged in spreading Gujrati folk and local music into community. We had performed 3 shows in last 3 years in Auckland.

We are pleased to confirm our association with Rangmanch NZ Inc. is an Indian ethnic theatre group who are actively producing Indian Theatres for the past seven years or so.

As a benevolent community organisation we interact frequently and we do also support them when and where possible in all their projects. The support is more on an intellectual level and morally we tie up with them for their pioneering work for Indian Theatre in Auckland – New Zealand.

We wish them all success with their Indian Theatre project in May 2015."
